SFOS Monthly Show and Tell Table

Please bring your blooming plants for display at the monthly meetings. This is a great viewing experience for all and a great way to learn about new plants we might want to try to grow in the future for ourselves. You can bring in a blooming plant that you might not be certain about the name or type and have our group of experts help identify your plant. The more you know, the better your chance of success.

When you bring a plant to show and tell, fill out the identification tag with your name and you can get one entry into a special raffle for a chance to pick up an early selection from the plant opportunity table.

We look forward to seeing you and your plants at the next monthly meeting

Wear Your Name Badge:

When you pick up your name tag from the membership table at our meetings you will get a special raffle ticket for a chance to pick up an early selection from the plant opportunity table.

Refreshments:

SFOS members are expected to help out with refreshments, setup and cleanup at monthly meetings based upon the first letter of your last name.

Check the calendar below for the monthly meeting corresponding to your last name. Members whose last name starts with the letter range A - B should bring snacks to the meeting on February 6, 2018.

Please bring snacks such as nuts, fruit or veggie sticks, crackers & cheese for the next meeting. A few jars/cans of nuts, a pound or two of fruit (dried or fresh) or cheeses, a few dozen cookies, or box or two of crackers is an appropriate amount.

Please consider bringing "healthier" ("lower carbohydrate") snacks if you are bringing crackers, cookies or other baked goods.

And ask the folks at the opportunity table for your extra raffle ticket when you bring food to a meeting!

Message from the President:

Greetings orchid friends, when you read this we'll just be days or hours away from the opening of the Pacific Orchid Exposition. I can really feel the excitement building! We've sold out several of the discounted advance ticket offers we ran, which is very encouraging. The billboards are up along 280 and 101 on the peninsula, ads have appeared the last two months in San Francisco Magazine (a first!) and ads just started running last week in the SF Chronicle as well as SJ Mercury and East Bay Times. Recently I picked up a "Where San Francisco" magazine and saw a large photo of *Cymbidium tigrinum* and a snippet about our show. These are just a few of the advertising efforts to promote our show. We have a lot to be proud of ... our show is one of the biggest and best shows in the country!

A lot of hard work has gone into putting this show together, and I can't thank everyone enough for all that they have done. The opening gala will be a time to celebrate and enjoy all that we have accomplished over the last weeks and months. I look forward to seeing all of you in the days ahead.

SFOS Board Meeting Minutes - Feb 12, 2018

Present: Mary Gerritsen, Dave Hermeyer, Ron Norris, Erik Sayle, Jeff Harris, Jason Douglass, Antonette Queri, Alvin Hom, Valerie Mountain, and Florence Inserto (representing membership chair in Claire's absence)

Excused: Claire Zvanski

1. President's Updates:

a. March board meeting: rescheduled for Mar 19 to accommodate Ron and Jason - who will be out of town on vacation at the usual scheduled time.

b. Nomination Committee: Ron is still determining which people plan to stay on the board - which will impact who he will ask to be on the nomination committee.

2. CFO Updates:

a. Financial report reviewed by board - though monthly and yearly numbers continue to look good, it was noted that outside of the show events (POE & OITP) the society spends more than we take in, so we want to find ways to cut expenses and/or increase revenue.

b. California Attorney General issue - no updates

c. Fraud case update: The case has gone to the DA.

3. Vice President's Updates:

a. Programming: We have a lot of good speakers lined up already for the first half of 2018; still

filling in skill sessions.

b. Garden Design Magazine (GDM) - we have partnered with GDM - which comes out with 4 quarterly issues, a monthly electronic issue and also has a facebook site. We will help promote them in or newsletter and website in exchange for \$12 per new subscriber we get via our orchid society specific link:

c. New assistant editor for the newsletter and MP technical helper: We have had some challenges with getting everybody to update via MemberPlanet (MP). Jeff spoke with some members about willingness to help him out with MP activities (including editorial functions around the newsletter and other emails, and the maintenance of the membership roster, etc). Eric Wells has agreed to help out in this new role and will transition in over a few months.
Thank you Eric!

4. POE Update:

a. General updates: We have about 130 tickets pre-sold for Gala opening night. If pre-sales do not pick up, we may adjust our catering needs down slightly.

b. Membership discount at POE. We discussed ways to entice new members to join at POE. We discussed offering discounts or gifts to new members, but no decisions were made. It was noted that all volunteers at the event should try to engage guests in conversations and educate them about our society - in particular the logistics about meetings held on the first Tuesday of each month. Show chairs should strive to educate volunteers about this expectation, and provide them with printed information to hand out. There is nothing as effective as direct personal conversations to encourage possible new members to join or come check out our meetings and all that comes with it - the great orchids, the talks, the raffles and the friendships made.

c. New POE venue for 2019: Still investigating new space options.

d. Water: We will be selling water at the plant hotel.

e. Volunteers: We have about 190 shifts filled out of 370 needed. More usually will sign up as we get closer, but we still need more, especially in security.

5. Old Business:

a. Storage space (Erik) Possible alternatives being explored, but no recommendations yet.

b. By Laws updates (Jeff) We have our board meetings mostly electronically now and many of us like it for the convenience it confers. Others feel we might need to adjust the bylaws to explicitly allow this under more strict Parliamentary procedures. Article VII section 3 of the bylaws say "The Board of Directors shall meet monthly at a *time and place designated by the President.*" "*Place*" was interpreted to include an electronic virtual place (by teleconference for example) if the President chooses, which Ron did. If others still want a change it, it was suggested that they write up a draft proposal for a vote. Given that this would be an amendment to the bylaws, it would require a vote by the entire Orchid society membership as well as registration with the state of California. Until a draft is written for review, we will not move forward with any changes.

It was also noted that emails are often sent to members of the board during the month. It can be a little difficult to keep up with all of them, but any important issues are typically placed on the agenda by the President and discussed at the next board meeting. Occasionally "small" decisions are made outside board meetings ("offline" and via email), but these are considered within the authority of that board member or are addressed by all relevant decision-makers if a more timely decision is needed and cannot wait until the next official meeting.

6. New Business:

a. OITP in July: Some board members brought up that running two shows a year is very taxing and some board members will be out of town for OITP. Fundamentally hosting TWO large events with all volunteers is a very challenging task. Therefore we questioned if we should cancel OITP this year. It was noted that OITP was actually more profitable than POE this year, bringing in around \$10,000 whereas the POE was near breakeven! We have already paid the deposit of \$4,622 and we would lose 25% or \$1,156 if we cancel. It was also suggested that we might consider having two smaller shows, perhaps scaling back the POE. However we are looking at a new venue that is larger so if we can get a new, larger spot for POE then we still might want to host it. Ideally we would decide before the POE at this meeting but we decided to wait to see how the POE did as well as if we get a new spot.

7. Meeting Closure:

a. Review of action items:

Change next board meeting to March 19

**Continue looking for a Storage Space
Bylaws update if desired.**

b. Motion to adjourn: 9:44pm

Submitted by Erik Sayle - SFOS Secretary

- 1) Contact our Treasurer/CFO (Mary Gerritsen) to let her know your intent to donate, the amount, and if you plan to also have an employer matched donation - and arrange to send the money directly to her by mail, in-person at a meeting, etc.
- 2) She will send you a letter confirming the donation as a receipt for tax purposes, as well as for you to submit to your employer to request the match.
- 3) Note if your company (like many Bay Area employers including: Google, Genentech, Apple, and SAP, among others) uses www.benevity.com to manage their charitable giving, we have a registered a profile with them - which should facilitate the process:

The Orchid Conservation Alliance (OCA) invites you to their conservation banquet at the Conservatory of Flowers, Saturday Feb 24, 2018, from 6-9:30 pm. The evening features an after-hours tour of the conservatory with appetizers and wine, a buffet style dinner (and more wine), a featured lecture by Franco Pupulin, followed by a live auction of some very desirable orchids donated by local orchid hobbyists and some of the vendors from the Pacific Orchid Exposition. This not-to be missed event occurs on the Saturday evening of the Pacific Orchid Exposition Weekend. Proceeds from the dinner will support the preservation of orchids and their habitats. Drop by the OCA booth at the POE to learn more about the OCA and become a

Dr. Pupulin studied in his native Italy before moving to Costa Rica to pursue his interest in orchids. He is currently a professor at the University of Costa Rica and a researcher at the world-renowned Lankester Botanical Garden. This garden plays a leading role in research and education on Costa Rican orchid flora, and its live collections are among the most widely recognized in Latin America. Dr. Pupulin has published a number of books about orchids and has been very active in describing New World orchid species, particularly from Costa Rica. He has also been essential in training the next generation of outstanding orchid researchers. Dr. Pupulin is editor-in-chief of Lankesteriana, Lankester Garden's orchid journal, and is project manager for Epidendra, a global database for information about orchids.
